MAKE A PAPER ARTIST!

Cut out your favorite artists’ hair styles, accessories and clothing from page 2 and 3. You can even draw your own creations right on the figure. Add color with crayons, markers, colored pencils or whatever you have. Play around, switch it up and have fun. Use the tabs, or a little ball of washi tape to instead of glue when dressing your artist, that way you can change your outfits when you want to mix it up.

Share your creations on Instagram and Facebook! @dragqueenstoryhour #womenartistsatoz #dragqueenzstoryhour @penguinclassroom
